

Pre-Match Remarks to Players & Coaches

Congratulations on making the state playoffs

(OR)

Good afternoon players and coaches

I'm a New Jersey High School Tennis Official. I'm here to monitor and help you with your matches. I'll be moving from court to court. When I'm on your court please continue to call out the score and call your own lines. However, if I see an incorrect call that would benefit your opponent I will overrule your call. If I'm not on your court and you have a problem or question, get my attention and I will come to your court to help you.

You must call out the score before you serve. If you don't, I will warn you once and then assess a point penalty each time after.

I expect to see good tennis and sportsmanship.

You will have a 10-minute warmup. I will let you know when 5 minutes and 2 minutes remain.

Are there any questions? Good luck and have a great match!
